

**REBELLION**  
HACK EVERYTHING. OWN TOMORROW.

# **SPONSORSHIP PROSPECTUS**

**[www.RBLN.com](http://www.RBLN.com)**

No buzzwords.  
No safe opinions.  
No polished nonsense.

**Rebellion** isn't another conference. It's an experience built for people who question the rules, break the models, and quietly build what the rest of the industry will copy next year.

We bring together AI hackers, engineers, cyber enthusiasts, and operators who care more about what works and how to break things. This is not an expo hall. It's not a content farm. Deep technical talks, a ruthless 24 hour competition, and a gathering of like minds.

# THE REBELLION IS COMING.

- 📍 **Rebellion Europe - Amsterdam, NL | September 2-4, 2026**
